## GREENGUARD® GOLD CERTIFICATION

Hush Acoustics has achieved full GreenGuard® Gold sustainability certification, a mark of excellence that ensures our products meet strict standards for low chemical emissions, promoting healthier indoor air quality.

This recognition gives architects, designers, and consumers confidence in choosing Hush for environmentally responsible solutions. Beyond sustainability, Hush's felt products offer excellent sound-absorbing properties, making them ideal for creating quieter, more comfortable spaces.

## SUSTAINABILITY

Manufactured from 100% PET(60% recycled material), our felt products demonstrate our commitment to both environmental stewardship and functional design, contributing to a greener and quieter future. It comprising of flame-retardant fiber as new material ensuring ASTM E84 class A certification. The high strength of PET panels in comparison to its weight is the key to its superior energy efficiency.

## FUNGAL RESISTANT

Independently tested by EMSL Canada, Hush P.E.T. felt showed zero mold growth under ASTM C1338 laboratory conditions, confirming exceptional durability.

## WARRANTY

2 year limited warranty. See F.A.Q. page on our website for more information.

## HOW TO SPECIFY

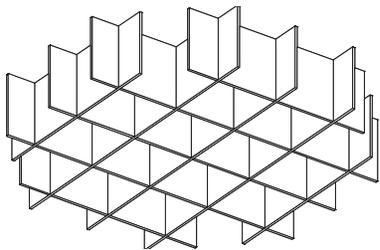

### 1. Select Design

Rectangular

Square

Circular

### 2. Select Profile

Square

Angled

Quadrant

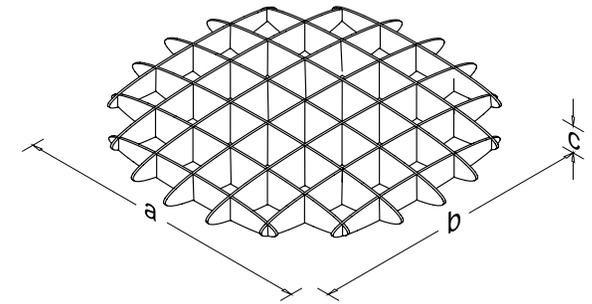

Ellipse

Rounded

### 3. Select Size

See [page 4](#) for full size chart

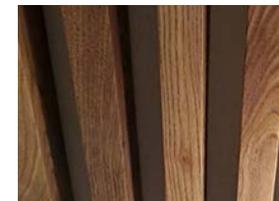

### 4. Select Color

Element

Luxe Series

Wood Grains

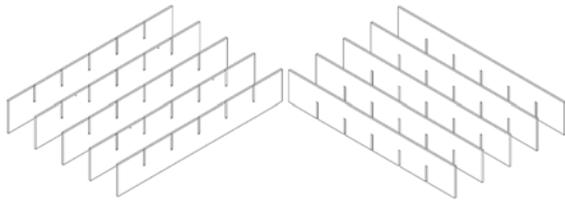

Concrete & Stone Grains

# Matrix Baffles

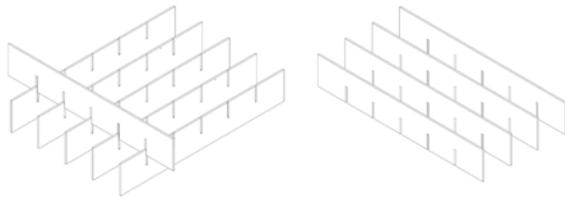

## INSTALLATION INSTRUCTIONS

1. Locate and arrange the upper and lower parts of the baffle as shown below.

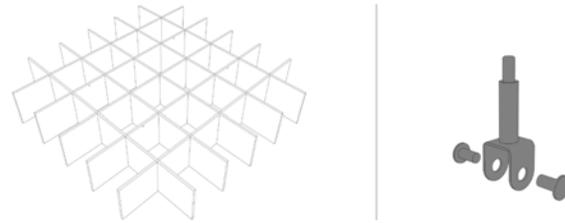

*(Note; two of the lower parts will have small holes cut out for the installation hardware).*

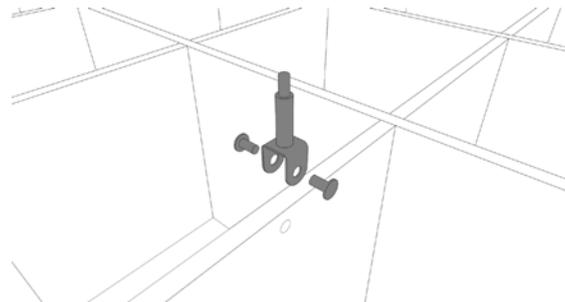

2. Begin inserting the upper baffle parts into the lower baffle parts by sliding the cut-out slots into each other. Push firmly to ensure a secure connection.

3. Once all baffle parts have been installed, locate the Shoulder-bracket hardware provided.

4. Align the Shoulder-brackets with the small cut out holes on the lower baffle parts.

5. Now tighten the bolt hardware.

6. When all Shoulder-brackets have been installed, your baffle is now complete and ready to be suspended from the ceiling.

*(Please refer to the Ceiling Hardware Install Guide, using the QR code on page 4, for the final steps).*

# Color Options

PLEASE NOTE: The images are only a sampling of the colors. Order a physical color sample to obtain an accurate representation of our acoustic colors. All felts can come in 12 or 24mm.

## COLOR MATCH SERVICES

### Can't find the tone you're looking for?

Hush Acoustics' felt Color Match services enhance architectural projects with rich visuals and tactile appeal, whether for panels, murals, or other design applications. Our felt brings depth and sophistication to any space, offering a customizable and memorable design element that elevates the overall experience.

With advanced equipment, we produce high-resolution, color-accurate results that capture subtle gradients and fine textures, all while maintaining acoustic performance. Every Color Match is carefully managed by our Senior Graphic Designer to ensure that the final output closely aligns with the designer's original vision.

### Commonly Matched Materials (matte finishes only):

#### Wall Paints

Dulux, Benjamin Moore, Behr, and other popular brands

#### Pantone® Hues

We simulate your company's brand tones using the Pantone® Uncoated palette

#### Fabric

From linen to wool, we match not just the color, but also the texture in most of the cases

#### Stones

We can simulate a wide variety of stone types based on your needs

#### Wood Laminates

WilsonArt and other popular brands

#### Generic Textures

Get in touch with our Acoustic Specialists, we will be glad to assist you
