GREENGUARD® GOLD CERTIFICATION

Hush Acoustics has achieved full GreenGuard® Gold sustainability certification, a mark of excellence that ensures our products meet strict standards for low chemical emissions, promoting healthier indoor air quality.

This recognition gives architects, designers, and consumers confidence in choosing Hush for environmentally responsible solutions. Beyond sustainability, Hush's felt products offer excellent sound-absorbing properties, making them ideal for creating quieter, more comfortable spaces.

SUSTAINABILITY

Manufactured from 100% PET(60% recycled material), our felt products demonstrate our commitment to both environmental stewardship and functional design, contributing to a greener and quieter future. It comprising of flame-retardant fiber as new material ensuring ASTM E84 class A certification. The high strength of PET panels in comparison to its weight is the key to its superior energy efficiency.

FUNGAL RESISTANT

Independently tested by EMSL Canada, Hush P.E.T. felt showed zero mold growth under ASTM C1338 laboratory conditions, confirming exceptional durability.

WARRANTY

2 year limited warranty. See F.A.Q. page on our website for more information.

Page 9

Ornamental Clouds

INSTALLATION INSTRUCTIONS · FLUTTER CLOUD

1. Place the Flutter Cloud on a clean dry surface.

2. Attach the Clevis-Hook to the metal tab as shown below, and insert the metal cable into the Grip-Lock portion of the hook.

3. Now, insert a third metal cable into the Grip-Lock portion of the U-anchor as shown below.

4. Ensure that the cable runs right through the U-anchor until it protrudes through the underside of the hardware.

5. Your Flutter Cloud is now ready to suspend to the ceiling in your desired location.

(Please refer to the Ceiling Hardware Install Guide, using the QR code on page 4, for the final steps).

Ornamental Clouds

INSTALLATION INSTRUCTIONS · KITE CLOUD

1. Locate the hardware and the Structure Support piece. Assemble in order as shown below.

2. Now, with the Kite oriented exactly as shown, insert the hardware from the underside, pulling the cable through vertically.

3. In the underside view, the Structure Support is shown in red to highlight how it must be aligned with the 'V' cut-outs on the underside of the Kite.

4. Now attach the suspension cable to the hardware mounted on your ceiling.

5. Once the cable has been suspended, the Kite will fold along the V-grooves. Ensure that the Kite has formed as shown below.

6. Your Kite installation is now complete.

Ornamental Clouds

INSTALLATION INSTRUCTIONS · GALAXY CLOUD

1. Attach a Clevis-Hook to each of the 3 metal brackets. You are now ready to mount the suspension hardware to the ceiling.
(Please refer to the Ceiling Hardware Install Guide, using the QR code on page 4, for the final steps).

COLOR MATCH SERVICES

Can't find the tone you're looking for?

Hush Acoustics' felt Color Match services enhance architectural projects with rich visuals and tactile appeal, whether for panels, murals, or other design applications. Our felt brings depth and sophistication to any space, offering a customizable and memorable design element that elevates the overall experience.

With advanced equipment, we produce high-resolution, color-accurate results that capture subtle gradients and find textures, all while maintaining acoustic performance. Every Color Match is carefully managed by our Senior Graphic Designer to ensure that the final output closely aligns with the designer's original vision.

Commonly Matched Materials (matte finishes only):

Wall Paints

Dulux, Benjamin Moore, Behr, and other popular brands

Fabric

From linen to wool, we match not just the color, but also the texture in most of the cases

Wood Laminates

WilsonArt and other popular brands

Pantone® Hues

We simulate your company's brand tones using the Pantone® Uncoated palette

Stones

We can simulate a wide variety of stone types based on your needs

Generic Textures

Get in touch with our Acoustic Specialists, we will be glad to assist you
