GREENGUARD® GOLD CERTIFICATION

Hush Acoustics has achieved full GreenGuard® Gold sustainability certification, a mark of excellence that ensures our products meet strict standards for low chemical emissions, promoting healthier indoor air quality.

This recognition gives architects, designers, and consumers confidence in choosing Hush for environmentally responsible solutions. Beyond sustainability, Hush's felt products offer excellent sound-absorbing properties, making them ideal for creating quieter, more comfortable spaces.

SUSTAINABILITY

Manufactured from 100% PET(60% recycled material), our felt products demonstrate our commitment to both environmental stewardship and functional design, contributing to a greener and quieter future. It comprising of flame-retardant fiber as new material ensuring ASTM E84 class A certification. The high strength of PET panels in comparison to its weight is the key to its superior energy efficiency.

FUNGAL RESISTANT

Independently tested by EMSL Canada, Hush P.E.T. felt showed zero mold growth under ASTM C1338 laboratory conditions, confirming exceptional durability.

WARRANTY

2 year limited warranty. See F.A.Q. page on our website for more information.

HOW TO SPECIFY

1. Select Design

2. Select Size

See [page 4](#) for full size chart

3. Select Color

Element

Luxe Series

Wood Grains

Concrete & Stone Grains

Palisade

Prior to installation, installers are advised to unpack and lay out panels to determine the most aesthetically pleasing arrangement.

INSTALLATION INSTRUCTIONS

1. Measure and locate all fixing positions of brackets on the back of the Palisade panel. This is represented by the small notch on the back of the Palisade panel as shown below.

(There are up to 6 fixing points depending on the size of your panel, see image below).

2. Now, mark these positions on to the wall that the Palisade panel will be mounted on.

3. Using applicable screw/hardware for your wall type, screw the Hush mounting brackets to the wall as shown below.

4. Once the brackets are secured in place on the wall, attach the Palisade panel to the wall by aligning the notches on the back of the Palisade panel, with the mounting brackets on the wall. Push the panel firmly (at the locations of the notch/brackets) to ensure that the panel is securely attached to the mounting brackets on the wall.

5. Your Palisade panel installation is now complete.

COLOR MATCH SERVICES

Can't find the tone you're looking for?

Hush Acoustics' felt Color Match services enhance architectural projects with rich visuals and tactile appeal, whether for panels, murals, or other design applications. Our felt brings depth and sophistication to any space, offering a customizable and memorable design element that elevates the overall experience.

With advanced equipment, we produce high-resolution, color-accurate results that capture subtle gradients and fine textures, all while maintaining acoustic performance. Every Color Match is carefully managed by our Senior Graphic Designer to ensure that the final output closely aligns with the designer's original vision.

Commonly Matched Materials (matte finishes only):

Wall Paints

Dulux, Benjamin Moore, Behr, and other popular brands

Pantone® Hues

We simulate your company's brand tones using the Pantone® Uncoated palette

Fabric

From linen to wool, we match not just the color, but also the texture in most of the cases

Stones

We can simulate a wide variety of stone types based on your needs

Wood Laminates

WilsonArt and other popular brands

Generic Textures

Get in touch with our Acoustic Specialists, we will be glad to assist you
