GREENGUARD® GOLD CERTIFICATION

Hush Acoustics has achieved full GreenGuard® Gold sustainability certification, a mark of excellence that ensures our products meet strict standards for low chemical emissions, promoting healthier indoor air quality.

This recognition gives architects, designers, and consumers confidence in choosing Hush for environmentally responsible solutions. Beyond sustainability, Hush's felt products offer excellent sound-absorbing properties, making them ideal for creating quieter, more comfortable spaces.

SUSTAINABILITY

Manufactured from 100% PET(60% recycled material), our felt products demonstrate our commitment to both environmental stewardship and functional design, contributing to a greener and quieter future. It comprising of flame-retardant fiber as new material ensuring ASTM E84 class A certification. The high strength of PET panels in comparison to its weight is the key to its superior energy efficiency.

FUNGAL RESISTANT

Independently tested by EMSL Canada, Hush P.E.T. felt showed zero mold growth under ASTM C1338 laboratory conditions, confirming exceptional durability.

WARRANTY

2 year limited warranty. See F.A.Q. page on our website for more information.

Sliding Track

Pages 8-9

Room Dividers

INSTALLATION INSTRUCTIONS

1. Locate the hanging divider panel.
(Note; the top of the pane will have small holes cut out for the installation hardware).

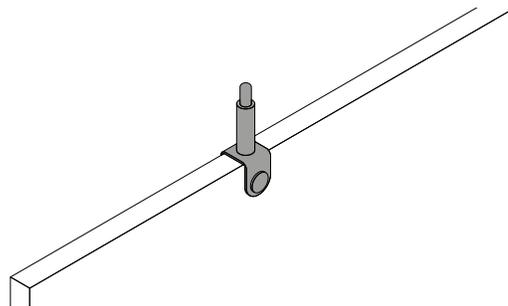

2. Locate the shoulder-bracket hardware provided.

3. Align the shoulder-brackets with the small cut out holes on the panel.

4. Now tighten the bolt hardware.

5. When all shoulder-brackets have been installed, your Hanging Divider is now complete and ready to be installed.
(Please refer to the Ceiling Hardware Install Guide, using the QR code on page 4, for the final steps).

Room Dividers

INSTALLATION INSTRUCTIONS · SLIDING TRACK

1. Begin by attaching the aluminum track securely to the ceiling, using screws/hardware suitable for your ceiling substrate. We recommend a fixing approximately every 16" (406mm).

(Please note: If mounting to suspended ACT grid, you must ensure that there is sufficient bracing above the ACT grid for the track to be fixed to).

2. Now locate the hardware, and attach the Wheel-Mount to the Hush panel as shown in the diagram below:

3. Repeat step 2 for both mounting locations at the top of the panel.

4. Mount the panel to the track by tilting the panel on the angle as shown in the image below. Seat the wheel into the bottom portion of the track, then tilt the panel back into the vertical position.

5. Now locate the stopping device and insert into the end of the track.

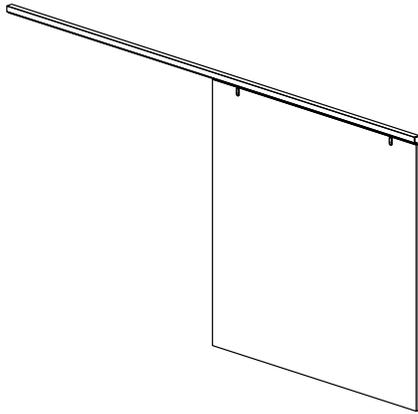

6. Place the stopping device in the required location at the end of the track. Secure it into place by tightening the two hex-head bolts using an allen-wrench. Repeat this process to add a stopping device at the opposite end of the track (if required).

COLOR MATCH SERVICES

Can't find the tone you're looking for?

Hush Acoustics' felt Color Match services enhance architectural projects with rich visuals and tactile appeal, whether for panels, murals, or other design applications. Our felt brings depth and sophistication to any space, offering a customizable and memorable design element that elevates the overall experience.

With advanced equipment, we produce high-resolution, color-accurate results that capture subtle gradients and find textures, all while maintaining acoustic performance. Every Color Match is carefully managed by our Senior Graphic Designer to ensure that the final output closely aligns with the designer's original vision.

Commonly Matched Materials (matte finishes only):

Wall Paints

Dulux, Benjamin Moore, Behr, and other popular brands

Pantone® Hues

We simulate your company's brand tones using the Pantone® Uncoated palette

Fabric

From linen to wool, we match not just the color, but also the texture in most of the cases

Stones

We can simulate a wide variety of stone types based on your needs

Wood Laminates

WilsonArt and other popular brands

Generic Textures

Get in touch with our Acoustic Specialists, we will be glad to assist you
